

## Longview Comprehensive Plan

[1]

If you could have **your** say in Longview's future, how would you envision **our** community? The City of Longview is seeking input from residents to help us create a long-term comprehensive plan that will help shape our community. We need you to tell us how you'd like to see Longview 10 to 20 years in the future. The Longview Comprehensive Plan will serve as our city's roadmap to the future. [Learn more about the Longview Comprehensive Plan process by watching this video](#) [2].

There will be many opportunities for participation. Please take a moment to complete an online survey on the [Longview Comprehensive Plan website](#) [1]. You can also discuss ideas on [LongviewTexasListens.com](#) [3]. Or, you can host a discussion with your neighborhood, church, organization, or business.

Also, please plan to attend a special event on Monday, February 10, 2014 at the LeTourneau University Belcher Center. The City of Longview will host a comprehensive planning community forum from 5:30 - 7:00 p.m. with hors d'oeuvres. Meeting participants will then receive a free ticket to the East Texas Symphonic Band's winter concert. Tickets will be for sale as well.

The City of Longview has contracted with consulting firm Freese & Nichols to assist with the Comprehensive Plan process.

Proceed to the [Longview Comprehensive Plan](#) [1] website to take the survey and share your input.
